Are you Ready to Explore Maui's Best Kept Secrets? Nov.13-20, 2015 with KUTIRA & RAPHAEL

Aloha Friends,

With confidence we can tell you, we know Maui and all the hidden treasures like our pocket. After 30 years of bonding with the land and the culture we can call ourselves truly being part of this island. We would enjoy sharing some of our favorite places and what makes our heart sing; living sustainable at the most gorgeous place in the world - our Maui Eco Retreat.

Would you like to come this November to celebrate and have a grand time of your life?

Creativity is Intelligence having Fun!

We created a really special week full of great exploration, sharing and meeting our friends and community in Maui. This month offers cheap airline tickets! Even for our European travelers there are great prices available from Munich to Honolulu for less than a \$1000. What a deal and perfect time to get some suntanning before the winter moves in. Breath in the Aloha spirit!

This is a special Anniversary Invitation and a once in a life time opportunity for this price. Space is limited sign up now and pack your bathing suit and join us in this November Happening.
