Last Call Bhutan 2017, Only 5 places left!

Aloha Adventurous Souls,

This will be my last call and final newsletter for a long time to come. Yes, I have **only 5 places left**.

I am excited to share with you the upcoming 2 Weeks Adventure Journey - October 20th to November 2nd . We are an amazing group of friends so far, ready to celebrate and share precious moments of our lives and immerse into the healing waters of Bhutan and it's rich culture .

In this retreat I am looking forward to share with you the newly created consciousness cards, based on Bhutans visual delights and spiritual richness, as well as leading soul-to-soul meditations, with the intention that each one of us returns home feeling profoundly empowered and ready to bring the best of ourselves to life.

Of course there will be so much more as I have been traveling to this country since many years and love to share with you. Are you ready to enjoy and learn from each other? Let's share what is alive in us in a country that celebrates Gross National Happiness , banes GMO and values organic living. This is a once in a life time journey.... so if not now then when?

If you are slightly seriously interested then you need to pick up the phone now and call me **(808 572 6006)** or drop me an **email**. Remember, this is a country that has only a

few airplanes and there fore the seats on Dragon Air are limited.

With a warm Aloha,
Kutira

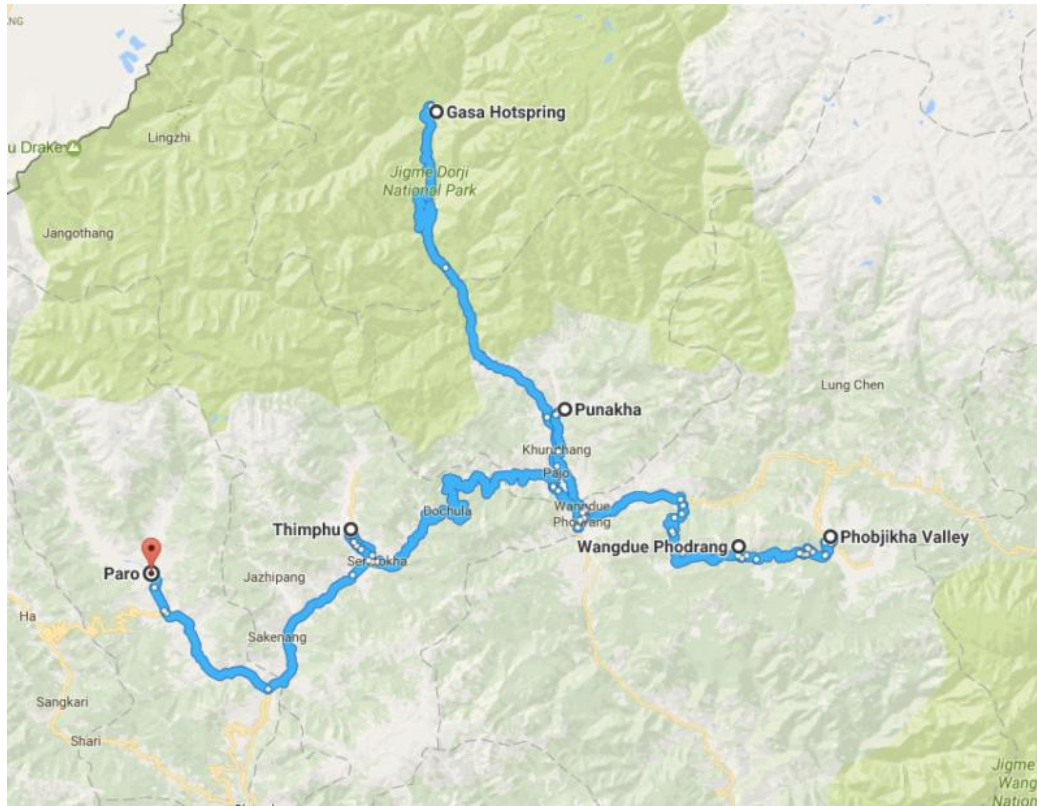

2 weeks Sacred Journey to Bhutan with Kutira 20th October - 2nd November

Kutira in the hot stone bath of the Divine Mad Man Drukpa Kunley.

Drukpa Kunley (1455-1529), also known as the Devine Madman of the Dragon Lineage , was a monk (Mahamudra) in the Tibetan Buddhist tradition, as well as a famous poet, and is often counted among the Nyönpa ("mad ones"). After undergoing training in Ralung Monastery under siddha Pema Lingpa , he introduced Buddhism to Bhutan and established the monastery of Chimi Lhakhang, where we will be visiting and receiving blessings.
