

# THE KAHUA INSTITUTE

Aloha dear Friends,

Our Europe and mainland tour is almost over and we have two more events before we are returning back to Mother Maui. If you have missed us you are always welcome to visit us in Maui at our retreat center. And if you have a friend in the L.A. region you may feel open to forward this email on... We will take good care of them with love and inspiration.

Last chance, we would love to have you join us at the showing of our movie this Thursday night, Aug. 18th, 7pm at Church in Ocean Park, Santa Monica.

**The Dance of  
Earth and Spirit**

## **Magical Mystery Tour Saturday, August 20th, 2011**

Where ancient traditions meet cutting edge science.  
with Kutira and Raphael

Being in a deep Tantric relationship since 1989, it is only natural that their accomplishments are rich beyond imagination. They created a gorgeous paradise garden oasis retreat center in Maui, "The Greenest spot on Maui". They have sold over a million music cd's which have been used extensively in yoga, tantric, ritual and death and dying practices. They are also the founders of sacred school called Embodied Spirituality and Sustainability.

Kutira is well known throughout the alternative healing movement as the master of ritual. There is a certain "specialness" when she officiates weddings, land blessings, pujas, concerts and more. She has a natural talent for bringing a mature love into a ceremony that everybody can go deep and relax in. She has been a student of many ethnic healers including Kumuhula Auli'i Mitchell, learning ancient Hawaiian music, chants, dance and arts.

**Kutira and Raphael give root to the magic of love and music in daily life.  
It is a blessing to be with have such ecstatic teachers who know how to  
ride between the worlds"**

**- Margot Anand, Author of The Art of Everyday Ecstasy**

### **Celebratory Puja**

A ceremony to deepen the connection with self, others and our  
precious Mother Earth.

Couples, singles, everybody welcome.

"The bridge to true life force flows through our sensual energies.  
Sensual energy is a bridge to spirituality and if openly explored is a way  
to greater self actualization".

Kutira and Raphael's concerts are truly an unforgettable shamanic experience. Starting with delicate soft transcendental music (including Raphael's psychic readings set to music on members of the audience) we rise into Kutira's powerful Hawaiian Chants and didgeridoo playing. From here we travel into new realms of music including "Communion", "Prayers for Russia", and the "Lost Concerto of Bach". We usually end with a passionate trance dance where everyone can shake out and experience their bodies as light waves. These concerts can be described as walk, run, fly....hyperspace!
